

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gabriel Castaneda
DOCKET NO.: 13-27526.001-R-1
PARCEL NO.: 03-29-214-010-0000

The parties of record before the Property Tax Appeal Board are Gabriel Castaneda, the appellant(s), by attorney Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,480
IMPR.: \$29,520
TOTAL: \$36,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 28 year-old, one-story dwelling of frame and masonry construction containing 2,310 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 10,800 square foot site and is located in Wheeling Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted the PTAX-203 Illinois Real Estate Transfer Declaration disclosing the subject property was advertised for sale and was purchased for a price of \$360,000. The appellant also submitted information in Section IV—Recent Sale Data of the Residential Appeal that the subject was purchased on May 21, 2012, was not a transfer between related parties, was advertised for sale and was a sale in settlement of a contract for deed. Based on this evidence, the appellant

requested a reduction in the subject's assessment to reflect the purchase price when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,629. The subject's assessment reflects a market value of \$396,290, or \$171.55 per square foot of living area, when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales and on the May 2012 sale of the subject for the price of \$360,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in May 2012 for a price of \$360,000. The appellant provided evidence demonstrating the sale had the elements of an arm's-length transaction. The appellant provided information in Section IV-Recent Sale Data of the appeal disclosing the parties to the transaction were not related and the property had been advertised on the open market. In further support of the transaction, the appellant submitted a copy of the PTAX-203 Illinois Real Estate Transfer Declaration. The Board finds the board of review did not present any evidence to challenge the arm's-length nature of the transaction. Based on this record the Board finds the subject property had a market value of \$360,000 as of January 1, 2013 and that a reduction in the subject's assessment is justified. Since market value has been determined, the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
