

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 636 Julius Reynolds
DOCKET NO.: 13-28453.001-R-1
PARCEL NO.: 20-36-215-032-0000

The parties of record before the Property Tax Appeal Board are 636 Julius Reynolds, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,718
IMPR.: \$3,062
TOTAL: \$6,780

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story apartment building of masonry construction with 6,780 square feet of living area. The dwelling is 86 years old. Features of the building include a full unfinished basement. The property has a 5,312 square foot site and is located in Hyde Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five sale comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,860. The subject property reflects a market value of \$268,600 or \$39.61 per square foot of living area, when applying the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with sale information for each comparable.

In rebuttal, the appellant requested that the Board disregard the board of review's suggested comparable sales.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's sales comparables #1, #2, #3, and #4. These sales occurred from April 2012 to May 2013 and sold from \$5.14 to \$10.57 per square foot of living area. The current assessed valuation is at \$39.61 per square foot of living area which is above the range established by these comparables. Based on this record the Board finds the appellant did demonstrate by a preponderance of the evidence that the subject is overvalued.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
