

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vasiliki Nikolakakis
DOCKET NO.: 13-28872.001-R-1
PARCEL NO.: 13-14-225-032-0000

The parties of record before the Property Tax Appeal Board are Vasiliki Nikolakakis, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,500
IMPR.: \$ 32,139
TOTAL: \$ 39,639

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of masonry construction. The dwelling is 91 years old. Features of the home include a slab, central air conditioning, and a two-car garage. The property has a 6,250 square foot site, and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether the subject was owner occupied.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables. The appellant's evidence states that the subject's improvement size is 4,512 square feet of living area, and that

the subject's improvement assessment is \$40,778, or \$9.04 per square foot of living area. No evidence was submitted in support of the subject's improvement size.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,278. The board of review's evidence states that the subject's improvement size is 3,849 square feet of living area, and that the subject's improvement assessment is \$30,822, or \$8.00 per square foot of living area. No evidence was submitted in support of the subject's improvement size.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

Conclusion of Law

Initially, the Board finds that the subject's improvement size is 3,849 square feet of living area. "Standard of proof. Unless otherwise provided by law or stated in the agency's rules, the standard of proof in any contested case hearing conducted under this Act by an agency shall be the preponderance of the evidence." 5 ILCS 100/10 15. The appellant submitted no evidence in support of the assertion that the subject's improvement size was 4,512 square feet of living area. Therefore, the Board finds that the appellant has failed to prove, by a preponderance of the evidence, that the subject's improvement size is 4,512 square feet. The Board further finds that the subject's improvement size is 3,849 square feet of living area.

The Board also finds that the subject's improvement assessment is \$40,778, or \$10.59 per square foot of living area. In accordance with Section 1910.30(e) of the Official Rules of the Property Tax Appeal Board, the appellant submitted a copy of the decision letter from the board of review. The decision letter states that the subject's total assessment was \$48,278. Neither party disputes that the subject's land assessment is \$7,500. Therefore, the subject's improvement assessment is the difference between the total assessment of \$48,278 as documented in the decision letter, and the undisputed land assessment of \$7,500, which results in an improvement assessment of \$40,778, or \$10.59 per square foot of living area.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, #3, and #4. These comparables had improvement assessments that ranged from \$8.28 to \$8.62 per square foot of living area. The subject's assessment of \$10.59 per square foot of living area falls above the range established by the best comparables in this record. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed, and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
