

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert & Kathy Juliussen
DOCKET NO.: 13-29443.001-R-1
PARCEL NO.: 03-02-417-020-0000

The parties of record before the Property Tax Appeal Board are Robert & Kathy Juliussen, the appellants, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,039
IMPR.: \$10,126
TOTAL: \$13,165

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,639 square feet of living area. The dwelling is approximately 36 years old. Features of the home include a partial unfinished basement, central air conditioning and a one-car garage. The property has a 1,961 square foot site and is located in Wheeling, Wheeling Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance

The appellants' appeal is based on overvaluation. In support of the overvaluation argument, the appellants submitted four comparable sales located within the same neighborhood assessment code as the subject property. The comparables consist of two-story dwellings of frame exterior construction that range in age from 33 to 36 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings contain 1,639 square

feet of living area and are situated on sites that range in size from 1,512 to 1,728 square feet of land area. The comparables sold from June 2010 to August 2013 for prices of \$125,000 or \$127,000 or \$76.27 or \$77.49 per square foot of living area including land. Based on this evidence, the appellants requested the total assessment be reduced to \$12,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,790. The subject's assessment reflects a market value of \$177,900 or \$108.54 per square foot of living area, land included, when applying the 10% level of assessment for class 2 residential property pursuant to the Cook County Real Property Assessment Classification Ordinance. In support of the subject's assessment, the board of review submitted information on three sales comparables located within the same block or .25 of a mile from the subject property. The comparables consists of two-story dwellings of frame exterior construction that are 34 or 37 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings contain 1,639 square feet of living area and are situated on sites ranging in size from 1,512 to 2,204 square feet of land area. These comparables sold from August 2012 to April 2013 for prices ranging from \$125,000 to \$145,000 or from \$76.27 to \$88.47 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellants withdrew the request for a hearing and requested the appeal be written on the evidence in the record.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did meet this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board gave less weight to the appellants' comparables #3 and #4 due to their older sale dates. The Board finds the best evidence of market value in the record to be the appellants' comparables #1 and #2 and the board of review's comparables. These comparables are more similar in location, age, design, dwelling size, exterior construction and features. These comparables sold for prices ranging from \$125,000 to \$145,000 or from \$76.27 to \$88.47 per square foot of living area including land, respectively. The subject's assessment reflects an estimated market value of \$177,900 or \$108.54 per square foot of living area including land which falls above the range established by the best sales comparables in this record. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
