

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan Khalil
DOCKET NO.: 13-29737.001-R-1
PARCEL NO.: 20-24-309-007-0000

The parties of record before the Property Tax Appeal Board are Alan Khalil, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,750
IMPR.: \$1,850
TOTAL: \$5,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story, apartment building of masonry construction with 4,725 square feet of living area. The building was constructed in 1918. The property has a 3,750 square foot site and is located in Chicago, Hyde Park Township, Cook County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted a copies of the settlement statement and listing sheet confirming the sale of the subject on February 15, 2013 for \$56,000. In addition, the appellant confirmed in Section IV of the appeal the subject's sale date, price, transfer was not between related parties, a realtor was involved, and that the subject was advertised for sale for 12 days. In further support of the sale, the appellant submitted three additional sale comparables which sold from October 2012 to January 2014 for prices ranging from \$53,000 to \$56,000 or from \$11.69 to \$18.92 per square foot of building area, land included. In support of the sale comparables, the appellant's attorney

submitted the listing sheets and the Cook County Assessor website printouts for each comparable. Appellant requested that the Board apply the 10% level of assessment as determined by the Cook County Real Property Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,104. The subject's assessment reflects a market value of \$271,040 when using the 10% level of assessment for Cook County as determined by the Cook County Real Property Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted three equity comparables and sales data for each comparable.

In rebuttal, the appellant's attorney stated that the board or review's comparables were "raw and unconfirmed" sales and no evidence was submitted show that each sale was an arm's length transaction. Appellant's attorney also distinguished the board of review's evidence based on size.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in February 15, 2013 for \$56,000. The appellant provided evidence demonstrating the sale had the elements of arm's length transaction and in support of the transaction, copies of the settlement statement and listing sheet were submitted. Lastly, the board of review failed to provide any substantial evidence to challenge the arm's length nature of the transaction.

Based on this record, the Board finds the subject property had a market value of \$56,000 as of January 1, 2013. Since market value has been determined, the level of assessments for class 2-11, residential property of 10% as determined by the Cook County Real Property Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
