

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Geary Depue
DOCKET NO.: 13-29772.001-R-1
PARCEL NO.: 30-08-316-024-0000

The parties of record before the Property Tax Appeal Board are Geary Depue, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 1,860
IMPR: \$ 4,602
TOTAL: \$ 6,462

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a one and one-half-story dwelling of frame construction with 752 square feet of living area. The dwelling is 83 year old. Features of the home include a full unfinished basement and a two and one-half-car garage. The property has a 6,200 square foot site, and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on August 8, 2013 for a price of \$16,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price. The appellant completed Section IV - Recent Sale Data in the Board's appeal form, wherein it was stated that the subject was purchased pursuant to a foreclosure.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,462. The subject's assessment reflects a market value of \$64,235, or \$85.42 per square foot of living area, including land, when applying the 2013 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.06% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables and four sale comparables. The board of review also submitted a Supplemental Brief arguing that the subject was purchased pursuant to a foreclosure. In support of this argument, the board of review submitted: a printout from the Cook County Recorder of Deeds' website showing that a *lis pendens* was placed on the subject on April 12, 2007 and that the Judicial Sales Corporation conveyed the subject to Bank of America NA on March 6, 2013; and a Real Property Transfer Tax Declaration from the City of Chicago Department of Revenue showing that the subject was sold by Bank of America NA to the appellant for \$16,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the sale of the subject in August 2013 for \$16,000 was a "compulsory sale." A "compulsory sale" is defined as:

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. The Board finds that the sale of the subject in August 2013 is a compulsory sale, in the form of a foreclosure, based on the appellant's own admission in Section IV - Recent Sale Data in the Board's appeal form, and also based on the Supplemental Brief and supporting evidence submitted by the board of review.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

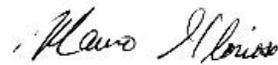

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 2011 IL App (2d) 100068, ¶ 36 (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill.App.3d 207, 211 (2d Dist. 1979)).

However, when there is a recent sale of the subject, and that sale is a foreclosure, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. See 35 ILCS 200/16-183 ("The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer."). Such evidence can include the descriptive and sales information for recently sold properties that are similar to the subject. See id. In this case, the appellant did not submit any such evidence to show that the sale of the subject in August 2013 for \$16,000 was at its fair cash value. Indeed, the board of review's four sale

comparables indicate that the subject's purchase price was well below its fair market value. Since there is no evidence that the sale price of the subject was at its fair cash value, the Board finds that the subject is not overvalued and a reduction is not warranted.

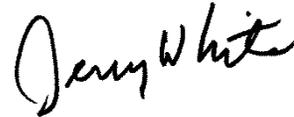

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
