

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Jablonowski
DOCKET NO.: 13-30027.001-R-1
PARCEL NO.: 13-04-218-036-0000

The parties of record before the Property Tax Appeal Board are James Jablonowski, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,000
IMPR.: \$ 34,056
TOTAL: \$ 40,056

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of masonry construction with 1,862 square feet of living area. The dwelling is 66 years old. Features of the home include a full basement with a formal recreation room, central air conditioning, two fireplaces, and a two-car garage. The property has a 6,000 square foot site, and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables. The appellant also made several notations on the evidence, indicating that certain property characteristics of the comparables were incorrect.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,056. The subject property has an improvement assessment of \$34,056, or \$18.29 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables and one sale comparable.

Conclusion of Law

Initially, the Board finds that the notations made by the appellant regarding the comparables he submitted are not supported by any evidence. "Standard of proof. Unless otherwise provided by law or stated in the agency's rules, the standard of proof in any contested case hearing conducted under this Act by an agency shall be the preponderance of the evidence." 5 ILCS 100/10-15. The appellant submitted no evidence in support of the assertion that the comparables' descriptive information is other than what was submitted by the appellant on the printouts from the Cook County Assessor's website. Insofar as the appellant submitted photographs of the comparables, the Board finds that the photographs do not prove, by a preponderance of the evidence, that these comparables' improvement sizes are other than what is listed by the assessor, as the photographs do not include measurements. As such, the Board will use the descriptive information on the printouts, without regard to the notations made by the appellant.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The

Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #2, and board of review comparables #1, #2, #3, and #4. These comparables had improvement assessments that ranged from \$14.17 to \$23.15 per square foot of living area. The subject's assessment of \$18.29 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
