

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: J. & M. Tisdall
DOCKET NO.: 13-30608.001-R-1
PARCEL NO.: 32-06-307-001-0000

The parties of record before the Property Tax Appeal Board are J. & M. Tisdall, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,858
IMPR.: \$22,780
TOTAL: \$27,638

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is an 84 year-old, two-story dwelling of masonry construction containing 2,633 square feet of living area. Features of the home include a partial unfinished basement, a fireplace and a two-car garage. The property has a 13,880 square foot site and is located in Bloom Township, Cook County. The property is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants' appeal is based on overvaluation. In support of this argument, the appellants submitted a settlement statement disclosing the subject was purchased from Old Second National Bank on March 15, 2013 for the price of \$185,000; and a Multiple Listing Service information sheet disclosing the subject was sold as "REO/Lender Owned, Pre-Foreclosure" property. The appellants also submitted information in Section IV-Recent Sale Data of the Residential Appeal that the subject was sold through a realtor and in settlement of a foreclosure. Based on this

evidence, the appellants requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,638. The subject's assessment reflects a market value of \$276,380, or \$104.97 per square foot of living area including land, when using the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on three suggested sales comparables that sold from 2011 through 2013 for prices ranging from \$98.73 to \$267.94 per square foot of living area including land. The board of review also submitted information that the subject sold in March 2013 for the price of \$185,000.

In rebuttal, the appellants argued that the comparables submitted as evidence by the board of review should be given diminished weight because they were not recent sales. The appellants reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants have not met this burden of proof and a reduction in the subject's assessment is not warranted.

In addressing the appellants' market value argument, the Board finds that the sale of the subject in March 2013 for \$185,000 is a "compulsory sale." The appellants' evidence disclosed the subject was sold in settlement of a foreclosure. A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

However, when there was a recent sale of the subject, and that sale was compulsory, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. The Illinois General Assembly recently provided clear guidance for the Board regarding compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183.

However, when there was a recent sale of the subject, and that sale was compulsory, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. *See* 35 ILCS 200/16-183. The appellants' evidence did not dispute that the sale was a short sale and therefore, a compulsory sale. The appellants did not submit additional sale comparables to show that the sale of the subject in March 2013 for \$185,000 was at its fair cash value. The appellants' Multiple Listing Service information sheet and Section IV information confirmed the sale was in settlement of a foreclosure. Moreover, the board of review submitted sale comparables that contained property characteristics similar to the subject's and sold for prices ranging from \$98.73 to \$267.94 per square foot of living area including land. The subject's assessment reflects a market value of \$104.97 per square foot of living area including land, which is within the range established by the best comparable sales in this record. The board of review's sale comparables also establish that the subject's purchase price was below its fair cash value. Since there is no supporting evidence that the sale price of the subject was at its fair cash value, the Board finds that the subject is not overvalued and holds that a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
