

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Salinas Baltimore
DOCKET NO.: 13-30819.001-R-1
PARCEL NO.: 07-15-322-007-0000

The parties of record before the Property Tax Appeal Board are Salinas Baltimore, the appellant, by Julie Realmuto, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,614
IMPR.: \$12,178
TOTAL: \$15,792

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a multi-level style dwelling¹ of frame and masonry construction with 1,006 square feet of living area. The dwelling is approximately 32 years old. Features of the home include a full finished partial basement, central air conditioning, a fireplace and a two and one half-car garage. The property has a 11,120 square foot site and is located in Hoffman Estates, Schaumburg Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. Photographs of the comparables provided by the appellant depicts one-story dwellings.

¹ Photographs of the subject submitted by the appellant and the board of review depicts a multi-level style dwelling.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,792. The subject property has an improvement assessment of \$12,178 or \$12.11 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Board of review comparable #4 depicts a one-story dwelling based on the photograph provided.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave little weight to the appellant's comparables along with the board of review's comparable #4 based on their one-story design when compared to the subject's multi-level design. The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2 and #3. These comparables had varying degrees of similarity when compared to the subject in location, dwelling size, age, exterior construction, design and other features. The board of review comparables' had improvement assessments that ranged from \$13.26 and \$15.72 per square foot of living area. The subject's improvement assessment of \$12.11 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
