

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ewald Stefans
DOCKET NO.: 13-30914.001-R-1
PARCEL NO.: 29-10-409-012-0000

The parties of record before the Property Tax Appeal Board are Ewald Stefans, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 1,984
IMPR.: \$ 4,223
TOTAL: \$ 6,207**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling was constructed in 1969. Features of the home include a full basement, a fireplace and a two-car garage. The property has a 6,105 square foot site and

is located in Thornton Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal indicating the subject contains 2,146 square feet of living area and estimating the subject property had a market value of \$57,000 as of November 20, 2013. The appellant also submitted evidence that the subject was purchased for a price of \$61,700 in December 2013.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,639. The subject's assessment reflects a market value of \$225,040 or \$104.86 per square foot of living area, including land, when applying the 2013 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.06% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on two comparable sales.

In written rebuttal, the appellant reiterated his original argument, resubmitted his supporting documentation, and pointed out differences between the board of review's comparables and the subject property.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the recent purchase price of the subject. The recent purchase price is supported by the appellant's appraisal. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV -

Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. Based on this record the Board finds the subject property had a market value of \$61,700 as of January 1, 2013. Since market value has been determined the 2013 three year average median level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.06% shall apply. 86 Ill.Admin.Code §1910.50(c)(2)

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
