

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julia Wysocki & Kirk Meldrum  
DOCKET NO.: 13-32667.001-R-1  
PARCEL NO.: 04-30-407-074-0000

The parties of record before the Property Tax Appeal Board are Julia Wysocki & Kirk Meldrum, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,517  
**IMPR.:** \$38,483  
**TOTAL:** \$47,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a six year-old, two-story dwelling of masonry construction containing 3,192 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 10,020 square foot site and is located in Northfield Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased on January 6, 2013 for a price of \$470,000. The appellant also submitted an appraisal estimating the subject property had a market value of \$470,000 as of December 4, 2012. The appraisal disclosed the subject dwelling was vacant. The appellant also disclosed information in Section IV—Recent Sale Data of the Residential Appeal that the subject was not sold as a transfer between related

parties, and was advertised and sold through a realtor. The appellant did not disclose whether the subject was sold in settlement of an installment contract, contract for deed or for a foreclosure. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,561. The subject's assessment reflects a market value of \$555,610, or \$197.23 per square foot of living area, when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on three suggested comparable sales.

In rebuttal, the appellant argued that the comparables submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics and were based on raw, unadjusted sales data. The appellant reaffirmed the request for an assessment reduction.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in January 2013 for a price of \$470,000. The appellant provided evidence demonstrating the sale had the elements of an arm's-length transaction. The appellant provided information in Section IV-Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, and the property had been advertised on the open market with the Multiple Listing Service. In further support of the transaction, the appellant submitted a copy of the settlement statement and an appraisal. The Board finds the board of review did not present any evidence to challenge the arm's-length nature of the transaction. Based on this record the Board finds the subject property had a market value of \$470,000 as of January 1, 2013 and that a reduction in the subject's assessment is justified. Since market value has been determined, the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
