

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Isak Adaskin
DOCKET NO.: 13-32688.001-R-1
PARCEL NO.: 10-15-316-042-1004

The parties of record before the Property Tax Appeal Board are Isak Adaskin, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 1,078
IMPR.: \$ 5,662
TOTAL: \$ 6,740

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 51-year old, second floor, condominium unit located within a masonry, condominium building consisting of four units. The subject unit contains 938 square feet of living area. Features include one and one half-baths and a one-car parking space. The property is located in Niles Township, Cook County. The subject is classified as a class 2, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property which was occupied by a tenant

had a market value of \$67,000 as of January 1, 2013. The appraisal indicated that an interior and exterior inspection was undertaken, while developing one of the three traditional approaches to value, the sale comparison approach. This approach used six sale comparables of condominium units which sold from 2012 through 2013. The appraisal stated that all comparables were arm's length transactions with adjustments made to the sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,231. The subject's assessment reflects a market value of \$111,640 or \$119.02 per square foot of living area, including land, when applying the 2013 three year average median level of assessment for class 2 property of 10.06% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted raw sales data regarding one suggested comparable sale, which sold in 2001.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be the *appraisal submitted by the appellant*. The Board finds the subject property had a market value of \$67,000 as of the assessment date at issue. Since market value has been established the 2013 three year average median level of assessment for class 2 property of 10.06% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
