

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Francis Brady
DOCKET NO.: 13-32757.001-R-1
PARCEL NO.: 17-10-401-014-1306

The parties of record before the Property Tax Appeal Board are Francis Brady, the appellant, by attorney Kevin P. Burke, of Smith Hemmesch Burke & Kaczynski in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,141
IMPR.: \$44,859
TOTAL: \$46,000

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 15 year old condominium unit located in South Township, Cook County.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of this argument the appellant provided evidence disclosing the subject property was purchased in May 2012 for a price of \$460,000. The evidence disclosed the parties to the transaction were not related and the property was advertised for sale. The appellant also submitted a copy of the board of review decision disclosing a total assessment of \$49,684, which reflects a market value of approximately \$496,840 when applying the Cook County Real Property Classification Assessment

Ordinance level of 10%. The appellant also submitted the settlement statement documenting the sale. Based on this evidence the appellant requested the subject's assessment be reduced to \$46,000 to reflect the purchase price.

The board of review did not timely submit its "Board of Review Notes on Appeal" and evidence in support of the assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. (86 Ill.Admin.Code §1910.65(c)). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value in the record is the May 2012 purchase price for the subject property of \$460,000. The record indicates the sale had most elements of an arm's length transaction, which was not refuted by the board of review. The Board further finds the subject's assessment reflects a market value greater than the purchase price presented by the appellant. The board of review did not timely submit evidence in support of the assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. (86 Ill.Admin.Code 1910.40(a) & 1910.69(a)). Based on this record the Property Tax Appeal Board finds the subject property had a market value of \$460,000 as of January 1, 2012 and a reduction in the property's assessment commensurate with the appellant's request to reflect the purchase price is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
