

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elvira Dikerman-Kotlyar
DOCKET NO.: 13-32948.001-R-1
PARCEL NO.: 04-25-318-015-0000

The parties of record before the Property Tax Appeal Board are Elvira Dikerman-Kotlyar, the appellant, by attorney Adam E. Bossov, of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,040
IMPR.: \$95,634
TOTAL: \$102,674

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,158 square feet of living area. The dwelling is approximately five years old. Features of the home include a full finished basement, central air conditioning, two fireplaces, and a three-car garage. The property has a 11,656 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within .65 of a mile and with the same neighborhood assessment code as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction that range from 5 to 10 years old. The comparables had features with varying degrees of similarity when compared to

the subject. The dwellings range in size from 3,852 to 4,432 square feet of living area and have improvement assessments ranging from \$83,974 to \$103,291 or from \$20.79 to \$24.93 per square foot of living area. Based on this evidence, the appellant requested the total assessment be reduced to \$98,183.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$140,000. The subject property has an improvement assessment of \$132,960 or \$31.98 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within .25 of a mile from the subject property. The comparables are improved with two-story dwellings of masonry exterior construction that are 9 or 10 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 4,144 to 4,431 square feet of living area and have improvement assessments that range from \$103,291 to \$104,547 or from \$23.52 to \$24.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board finds the appellant's and the board of review's comparables are similar when compared to the subject in location, age, dwelling size, design, exterior construction and features. These comparables had improvement assessments that ranged from \$20.79 to \$24.93 per square foot of living area. The subject's improvement assessment of \$31.98 per square foot of living area falls above the range established by the comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
