

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Man Tam
DOCKET NO.: 13-32973.001-R-1
PARCEL NO.: 17-33-100-031-0000

The parties of record before the Property Tax Appeal Board are Man Tam, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 15,625
IMPR.: \$ 24,265
TOTAL: \$ 39,890

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 2,300 square feet of living area. The dwelling was constructed in 2012. Features of the home include a full finished basement, central air conditioning, one fireplace and a two-car garage. The property has a 3,125 square foot site and is located in South Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted

information on three equity comparables. The appellant failed to include several key elements of comparability, most notably the square footage of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,890. The subject property has an improvement assessment of \$24,265 or \$10.55 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on two equity comparables. They had improvement assessments per square foot of \$12.74 and \$14.02.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the appellant failed to provide sufficient evidence that the subject is inequitably assessed. The appellant failed to include the square footage of living area for the suggested comparables, which is a key element of comparability. Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of the subject property and it is recommended that not less than three comparable properties be submitted. 86 Ill.Admin.Code §1910.65(b). As there is no range of comparables with which to compare the subject property, the Board finds that the appellant has not proven the subject is inequitably assessed by clear and convincing evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
