

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karen Michalski
DOCKET NO.: 13-32978.001-R-1
PARCEL NO.: 07-18-303-014-0000

The parties of record before the Property Tax Appeal Board are Karen Michalski, the appellant, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,891
IMPR.: \$14,109
TOTAL: \$17,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property contains a 37 year-old, two-story dwelling of frame construction. The parties differed as to the size of the living area. The property has a 5,257 square foot site and is located in Schaumburg Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$170,000 as of June 13, 2012. The appraisal also disclosed the dwelling contained 1,241 square feet of living area and 629 square feet of finished basement. The appraisal included a statement from the appraiser that he personally inspected the interior and exterior of the subject property. The appraisal disclosed the subject dwelling was occupied by the owner. The appellant requested a

total assessment reduction to \$17,000 when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,501. The subject's assessment reflects a market value of \$205,010 when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on three unadjusted suggested equity comparables. The board of review's evidence disclosed the subject dwelling contained 1,829 square feet of living area.

In rebuttal, the appellant argued that the board of review did not respond to the appellant's overvaluation argument and that the comparables submitted as evidence by the board of review should be given diminished weight because they were based on raw, unadjusted sales data. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds, for the purposes of this appeal, the dwelling contained 1,241 square feet of living area and 629 square feet of finished basement. The appraisal included a statement from the appraiser that he personally inspected the interior and exterior of the dwelling. The Board further finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the subject property had a market value of \$170,000 as of the assessment date at issue. Since market value has been established, the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
