

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Inchar, LLC  
DOCKET NO.: 13-33710.001-R-1  
PARCEL NO.: 07-21-219-012-0000

The parties of record before the Property Tax Appeal Board are Inchar, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,253  
**IMPR.:** \$8,147  
**TOTAL:** \$11,400

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,092 square feet of living area. The dwelling is approximately 55 years old. Features of the home include a concrete slab foundation and a one-car garage. The property has a 10,010 square foot site and is located in Hoffman Estates, Schaumburg Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance

The appellant's attorney argued that the fair market value of the subject is not accurately reflected in its assessed value as the basis for this appeal. The appellant contends the subject's recent sale best reflected the subject's market value. The appellant disclosed the subject property sold on July 19, 2013, for a price of \$114,000 and had been advertised for sale as set forth in Section IV-Recent Sale Data of the appeal petition.

The appellant submitted the Settlement Statement, the Illinois Real Estate Transfer Declaration and the Multiple Listing Service sheet. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,047. The subject's assessment reflects a market value of \$150,470 or \$137.79 per square foot of living area, land included, when applying the 10% level of assessment for class 2 residential property pursuant to the Cook County Real Property Assessment Classification Ordinance. In support of the subject's assessment, the board of review submitted information on four comparables located within .25 of a mile from the subject property. The comparables consists of one-story dwellings of frame or frame and masonry exterior construction that are 53 or 55 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,092 to 1,372 square feet of living area and are situated on sites of 10,004 or 14,580 square feet of land area. These comparables sold from December 2010 to August 2013 for prices ranging from \$170,000 to \$214,000 or from \$140.63 to \$164.84 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Counsel for the appellant provided a written rebuttal critiquing the board of review's evidence.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in July, 2013 for a price of \$114,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the property had been advertised for sale. In further support of the transaction the appellant submitted a copy of the PTAX-203 Illinois Real Estate Transfer Declaration, a copy of the settlement statement and a copy of the sales contract.. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the appellant demonstrated by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
