

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Gambia
DOCKET NO.: 13-33915.001-R-1
PARCEL NO.: 14-29-110-028-0000

The parties of record before the Property Tax Appeal Board are Michael Gambia, the appellant(s), by attorney Anthony Lewis, of the Law Offices of Gary H. Smith in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,750
IMPR.: \$46,250
TOTAL: \$60,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property contains a 134 year-old, two-story dwelling of frame construction in the front of the parcel and a two-story dwelling in the rear of the parcel. The subject contains a total of 4,591 square feet of living area. Features of the home include a full finished basement with a recreational room and central air conditioning. The property has a 3,125 square foot site and is located in Lake View Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$600,000 as of January 1, 2012. The appraisal disclosed the subject dwelling was occupied by a tenant. The appellant also submitted a brief arguing a contention of law that the subject qualified for a direct appeal roll-over to the instant 2013 tax lien year of the Board's 2012 decision reducing the

assessment to \$60,000. In the brief, the appellant disclosed the subject was not sold since 2012. The appellant requested a total assessment reduction to \$60,000 when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,463. The subject's assessment reflects a market value of \$844,630 when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on three unadjusted suggested sales comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

As to the appellant's argument for a roll-over to the 2013 tax lien year of the Board's 2012 decision reducing the assessment, the Board finds the appellant failed to submit evidence that the subject was owner-occupied. Indeed, the appellant's appraisal disclosed the subject was occupied by a tenant. Therefore, the argument for a roll-over of the 2012 decision to the 2013 tax lien year is without merit. However, the Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the subject property had a market value of \$600,000 as of the assessment date at issue. Since market value has been established, the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
