

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: King Lup Liu
DOCKET NO.: 13-33931.001-R-1
PARCEL NO.: 17-33-102-037-0000

The parties of record before the Property Tax Appeal Board are King Lup Liu, the appellant(s), by attorney Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,125
IMPR.: \$23,375
TOTAL: \$33,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property contains two improvements. Improvement #1 is a 124 year-old, two-story dwelling of masonry construction containing 3,174 square feet of living area. Features of the home include a full unfinished basement. Improvement #2 is a 92 year-old, one-story dwelling of masonry construction containing 648 square feet of living area. Features of the home include a full unfinished basement. The property has a 3,375 square foot site and is located in South Chicago Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted Real Property Transfer Tax Declaration (hereinafter, "Tax Declaration") disclosing the subject was sold on April 12, 2013 for a price of \$335,000, was as advertised for sale and that the subject would not be the buyer's principal residence. The appellant also submitted a black-and-

white photograph of the subject, and information in Section IV–Recent Sale Data of the Residential Appeal that the subject was not sold as a transfer between related parties, was advertised for sale and was sold in settlement of a contract for deed. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,008. The subject's assessment reflects a market value of \$460,080 when applying the 2013 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables for Improvement #1 and three suggested equity comparables for Improvement #2.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2013 for a price of \$335,000. The appellant provided evidence demonstrating the sale had the elements of an arm's-length transaction. The appellant provided information in Section IV-Recent Sale Data of the appeal disclosing the parties to the transaction were not related and the property was advertised for sale. In further support of the transaction, the appellant submitted a copy of the Tax Declaration. The Board finds the board of review did not present any evidence to challenge the arm's-length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$335,000 as of January 1, 2013 and that a reduction in the subject's assessment is justified. Since market value has been determined, the level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
