

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: J. Scott Sykora
DOCKET NO.: 13-34479.001-R-1
PARCEL NO.: 14-32-414-010-0000

The parties of record before the Property Tax Appeal Board are J. Scott Sykora, the appellant(s), by attorney Chris D. Sarris, of Steven B. Pearlman & Associates in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 21,875
IMPR.: \$140,404
TOTAL: \$162,279

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry construction. The dwelling is one year old. Features of the home include a full basement with a recreation room, central air conditioning, two fireplaces and a 2.5-car garage. The property has a 3,125 square foot site and is located in North Chicago Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. The appellant's evidence asserts that the subject property contains 3,628 square feet of living area without any additional information.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales with copies of the Multiple Listing Sheet for each comparable.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,279. The subject property has an improvement assessment of \$140,404 or \$36.14 per square foot of living area.

The subject's assessment reflects a market value of \$1,632,520 or \$420.21 per square foot of living area, including land, when applying the 2013 three year average median level of assessment for class 2 property of 10.06% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables with sales information on all four comparables and an additional four sale comparables.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Initially, the Board finds the subject contains 3,885 square feet of living area. Further, the Board finds the best evidence of assessment equity to be appellant's comparable # 1 through #3 and the board of review's comparable #1. These comparables had improvement assessments that ranged from \$22.22 to \$41.50 per square foot of living area. The subject's improvement assessment of \$36.14 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

Next, the appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the board of review's comparable sales. These comparables sold for prices ranging from \$457.16 to \$797.74 per square foot of living area, including land. The subject's assessment reflects a market value of \$420.21 per square foot of living area, including land, which is below the range established by the best comparable sales

in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
