

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandra Lubreto  
DOCKET NO.: 14-00182.001-R-1  
PARCEL NO.: 12-05-479-017

The parties of record before the Property Tax Appeal Board are Sandra Lubreto, the appellant; and the Winnebago County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Winnebago** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,554  
**IMPR.:** \$44,302  
**TOTAL:** \$52,856

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Winnebago County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction with 2,338 square feet of living area. The dwelling was constructed in 1985. Features of the home include a partial basement, central air conditioning, a fireplace and a 640 square foot garage. The property has a 10,541 square foot site and is located in Rockford, Rockford Township, Winnebago County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables. The comparables had improvement assessments ranging from \$36,425 to \$48,032 or from \$15.98 to \$19.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,856. The subject property has an improvement assessment of \$44,302 or \$18.95 per square foot of living area. In support of its contention of the correct

assessment the board of review submitted information on ten equity comparables. The comparables had improvement assessments ranging from \$38,238 to \$47,681 or from \$16.71 to \$19.77 per square foot of living area. The board of review also submitted five sales comparables.<sup>1</sup>

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #7 and #8 and board of review comparables #1, #3, #4, #6, #8 and #10. These comparables had improvement assessments that ranged from \$16.23 to \$19.29 per square foot of living area. The subject's improvement assessment of \$18.95 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the remaining comparables because of their dissimilar basement finish, features not enjoyed by the subject and/or dissimilar size when compared to the subject. No weight was given appellant's comparable #1 because the comparable has a pending appeal before the Property Tax Appeal Board. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

<sup>1</sup> The Board gives no weight to the sales comparables as they do not address the appellant's inequity argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
