

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Land Trust 275 1000 0353
DOCKET NO.: 14-00206.001-R-1
PARCEL NO.: 30-07-17-223-028-0000

The parties of record before the Property Tax Appeal Board are Land Trust 275 1000 0353, the appellant, by Patrick A. Meszaros, of the Law Offices of Patrick A. Meszaros in Joliet, and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will County Board of Review** is warranted. The correct assessed valuation of the property is:

LAND: \$5,000
IMPR.: \$17,400
TOTAL: \$22,400

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 756 square feet of living area. The dwelling was constructed in 1948. Features of the home include a full unfinished basement, central air conditioning and a 308 square foot garage. The property has a 5,227 square foot site and is located in Joliet, Joliet Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a grid analysis of four comparable sales along with Multiple Listing Service data sheets, printouts from the Supervisor of Assessments and printouts from the township assessor with characteristics information. The comparables were said to be from .01 to .25 of a mile from the subject property. The comparables consist of one-story frame dwellings that were 61 to 68 years old. The dwellings range in size from 624 to 744 square feet of living area. Three of the comparables have a full basement, two of which have finished area. Three comparables

have central air conditioning and two of the comparables have a garage of 280 or 704 square feet of building area, respectively. The sales occurred between October 2012 and September 2013 for prices ranging from \$35,000 to \$44,000 or from \$48.61 to \$61.22 per square foot of living area, including land.

Based on this evidence, the appellant requested a total assessment of \$12,473 which would reflect a market value of approximately \$37,419 or \$49.50 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,400. The subject's assessment reflects a market value of \$67,409 or \$89.17 per square foot of living area, land included, when using the 2014 three year average median level of assessment for Will County of 33.23% as determined by the Illinois Department of Revenue.

In rebuttal the board of review submitted a statement from James A. Brenzewski, Joliet Township Assessor, asserting that the appellant's comparables were all foreclosures with sales from 2012 and 2013.

In support of its contention of the correct assessment the board of review through the township assessor submitted information on four comparable sales. The comparables consist of one-story dwellings of frame construction. The dwellings are 58 to 87 years old and range in size from 720 to 1,140 square feet of living area. Two of the comparables have full unfinished basements. Three of the comparable have central air conditioning, one has a fireplace and each has a garage of 308 or 400 square feet of building area. The properties sold between February 2014 and September 2014 for prices ranging from \$75,000 to \$115,000 or from \$93.09 to \$118.00 per square foot of living area.

Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales from the subject's subdivision to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #4 and board of review comparables #2 and #4 as these dwellings lack the basement foundation which is a feature of the subject dwelling.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2 and #3 along with board of review comparable sales #1 and #3. These five most similar comparables

range in age from 64 to 87 years old and range in size from 624 to 912 square feet of living area. The properties sold between October 2012 and September 2014 for prices ranging from \$35,000 to \$84,900 or from \$48.61 to \$104.17 per square foot of living area, including land. The subject's assessment reflects a market value of \$67,409 or \$89.17 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
