

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Blessing
DOCKET NO.: 14-00599.001-R-1
PARCEL NO.: 06-23-307-012

The parties of record before the Property Tax Appeal Board are Jennifer Blessing, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,295
IMPR.: \$53,245
TOTAL: \$67,540

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story frame dwelling that has 1,880 square feet of living area. The dwelling was constructed in 1994. Features include a full basement that is partially finished, central air conditioning, one fireplace and a 400 square foot attached garage. The subject property is located in Avon Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming assessment inequity as the basis of the appeal. In support of the inequity claim, the appellant submitted information on four assessment comparables located in close proximity to the subject. The comparables consist of two-story dwellings of frame exterior construction and were built in 1994. Features had varying degrees of similarity when compared to the subject. The dwellings contain 1,880 square feet of living area and have improvement assessments ranging from \$41,470 to \$44,188 or from \$22.06 to \$23.50 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,540. The subject property has an improvement assessment of \$53,245 or \$28.32 per square foot of living area.

In support of the subject's assessment, the board of review submitted an equity analysis of four assessment comparables located in close proximity to the subject. The comparables are improved with two-story frame dwellings that were built in 1994. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 1,808 to 1,982 square feet of living area and have improvement assessments ranging from \$50,225 to \$56,106 or from \$27.78 to \$29.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains eight assessment comparables for the Board's consideration. The Board gave less weight to the comparables #1, #3 and #4 submitted by the appellant and comparables #2 and #3 submitted by the board of review. These properties have unfinished basements, inferior to the subject. The Board finds comparable #3 submitted by the appellant and comparables #1 and #4 submitted by the board of review are most similar when compared to the subject in location, design, size, age and features. These comparables have improvement assessments ranging from \$43,650 to \$56,106 or from \$23.22 to \$29.62 per square foot of living area. The subject property has an improvement assessment of \$53,245 or \$28.32 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. Therefore, the Board finds no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
