

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Warren Habib
DOCKET NO.: 14-00670.001-R-1
PARCEL NO.: 13-23-208-009

The parties of record before the Property Tax Appeal Board are Warren Habib, the appellant, by attorney David Lavin, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,479
IMPR.: \$200,441
TOTAL: \$269,920

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 4,118 square feet of living area. The dwelling was constructed in 1999. Features of the home include a basement with finished area, central air conditioning, three fireplaces and an attached 721 square foot garage. The property also has an 800 square foot in-ground pool and a 192 square foot shed. The property has a 127,195 square foot site and is located in North Barrington, Cuba Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal concerning the subject's improvement assessment. No dispute was raised concerning the land assessment. In support of this improvement inequity argument, the appellant submitted information on three equity comparables located within 1.66-miles from the subject.

Based on this evidence, the appellant requested an improvement assessment of \$144,926 or \$35.19 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$269,920. The subject property has an improvement assessment of \$200,441 or \$48.67 per square foot of living area.

In response to the appellant's evidence, the board of review reported that none of the appellant's comparable dwellings have any recent significant updating, remodeling or expansion whereas the subject was remodeled in 2010. Additional differences include dwelling size as to appellant's comparable #1 and none of the appellant's comparables have a pool which is a feature of the subject. Appellant's comparables #1 and #2 are more than a mile from the subject and one was sold in 2012 "as-is" in foreclosure resulting in an adjustment of the assessment.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .52 of a mile of the subject property.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The comparables have varying degrees of similarity to the subject in location, age, exterior construction, dwelling size and/or features. These comparables had improvement assessments that ranged from \$125,968 to \$206,426 or from \$29.34 to \$49.11 per square foot of living area. The subject's improvement assessment of \$200,441 or \$48.67 per square foot of living area falls within the range established by the comparables in this record and giving due consideration to differences appears to be well-supported by the most similar comparable, board of review #2. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
