

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Albert Weiner
DOCKET NO.: 14-00686.001-R-1
PARCEL NO.: 16-27-307-009

The parties of record before the Property Tax Appeal Board are Albert Weiner, the appellant, by attorney David Lavin, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,858
IMPR.: \$109,659
TOTAL: \$153,517

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of brick exterior construction with 2,432 square feet of living area. The dwelling was constructed in 1988. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a two-car garage that contains 529 square feet of building area. The property has a 5,746 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The appellant did not challenge the subject's land assessment. In support of this argument the appellant submitted information on three equity comparables located within 0.11 of a mile from the subject property. The comparables are improved with 1.75-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings contain 2,418 or 2,432 square feet of

living area and have improvement assessments ranging from \$87,694 to \$105,469 or from \$36.27 to \$43.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$153,517. The subject property has an improvement assessment of \$109,659 or \$45.09 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within 0.09 of a mile from the subject property. The comparables are improved with 1.75-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings contain 2,418 or 2,432 square feet of living area and have improvement assessments ranging from \$107,208 to \$113,833 or from \$44.34 to \$47.01 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. These comparables have varying degrees of similarity when compared to the subject in location, age, dwelling size, design and features. The comparables had improvement assessments that ranged from \$36.27 to \$47.01 per square foot of living area. The subject's improvement assessment of \$45.09 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
