

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nadia Eskinazi
DOCKET NO.: 14-00873.001-R-1
PARCEL NO.: 10-34-401-024

The parties of record before the Property Tax Appeal Board are Nadia Eskinazi, the appellant, by attorney Herbert Holzman of Tax Appeals Lake County, in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 38,154
IMPR.: \$160,066
TOTAL: \$198,220

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story brick dwelling that has 4,193 square feet of living area. The dwelling was constructed in 2009. Features include an unfinished basement, central air conditioning, two fireplaces and a 932 square foot attached garage. The subject property is located in Freemont Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming assessment inequity as the basis of the appeal. In support of the inequity claim, the appellant submitted information on three assessment comparables located in close proximity to the subject. The comparables consist of two-story dwellings of artificial stone or frame exterior construction that were built in 2000 or 2006. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 3,865 to 4,244 square feet of living area and have improvement assessments ranging from \$171,137 to \$182,270 or from \$33.85 to \$35.91 per

square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$198,220. The subject property has an improvement assessment of \$160,066 or \$38.17 per square foot of living area. In support of the subject's assessment, the board of review submitted an equity analysis of four assessment comparables located in close proximity to the subject. The comparables are improved with two-story brick or frame dwellings that were built from 1994 to 2003. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 3,964 to 4,537 square feet of living area and have improvement assessments ranging from \$156,285 to \$175,058 or from \$37.54 to \$44.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains seven assessment comparables for the Board's consideration. The Board gave less weight to comparable #2 submitted by the appellant and comparables #2 and #4 submitted by the board of review. These comparables have finished basements, unlike the subject. The Board finds the remaining four comparables were most similar when compared to the subject in location, design, dwelling size and features, but were slightly older than the subject. These comparables have improvement assessments ranging from \$132,958 to \$170,332 or from \$34.40 to \$38.11 per square foot of living area. The subject property has an improvement assessment of \$160,066 or \$38.17 per square foot of living area, which falls within the range established by the most similar assessment comparables on an overall basis, but slightly above the range on a per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's assessment is supported. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
