

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ken Buckman
DOCKET NO.: 14-01190.001-R-1
PARCEL NO.: 02-11-478-013

The parties of record before the Property Tax Appeal Board are Ken Buckman, the appellant, by attorney Michael Elliott of Elliott & Associates, P.C., in Des Plaines; and the Kendall County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kendall** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,254
IMPR.: \$28,513
TOTAL: \$33,767

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kendall County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of brick and frame exterior construction that has 1,489 square feet of living area. The dwelling was built in 2006. Features include central air conditioning and a 400 square foot integrated garage. The subject property is located in Bristol Township, Kendall County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information pertaining to the sale of the subject property. The appellant completed Section IV of the residential appeal petition showing the subject property sold for \$71,750 in January 2012. The appeal petition indicates the sale was not between family or related corporations and the property was advertised for sale through the Multiple Listing Service. The appellant submitted a copy of the settlement statement and Multiple Listing Service sheet associated with the sale of the subject

property. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the appraised value.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject property's final assessment of \$33,767 was disclosed. The subject's assessment reflects an estimated market value of \$101,250 or \$68.00 per square foot of living area when applying Kendall County's 2014 three-year average median level of assessment of 33.35%. In support of the subject's assessment, the board of review submitted four comparable sales located in close proximity to the subject. The comparables consist of two-story townhomes of brick and frame exterior construction that were 8 years old. Features were similar when compared to the subject. The dwellings have 1,254 or 1,478 square feet of living area. They sold from March 2013 to May 2014 for prices ranging from \$88,500 to \$123,200 or from \$70.57 to \$83.36 per square foot of living area.

With respect to the appellant's evidence, the board of review argued the subject's 2012 sale is not relevant for a 2014 valuation. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Under rebuttal, the appellant objected to comparable #3 because the transaction occurred after the lien date of January 1, 2014. The appellant argued the comparable sales submitted by the board of review are "raw and unconfirmed" as no documentary evidence such as MLS listing sheets or closing statements was submitted.

In response to the rebuttal evidence, the board of review reiterated the sale of the subject property in January 2012 is not a relevant indicator of value as of the subject's January 1, 2014 assessment date. The board of review also pointed out it submitted property record cards and Real Estate Transfer Declarations for each comparable property. The board of review also cited People ex rel. Rosewell v. Lakeview Limited Partnership, 120 Ill.App.3d 369, 458 N.E.2d 121 (1st Dist. 1983) for the general proposition of allowing assessment officials to consider events that occur after the January 1 lien date.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof.

The appellant submitted evidence showing the subject property sold in January 2012 for \$71,750. The Board gave less weight to this evidence due to the fact the subject's sale occurred almost two years prior to the subject's January 1, 2014 assessment date.

The board of review submitted four comparable sales to support the subject's estimated market value as reflected by its assessment. The appellant objected to comparable #3 because the transaction occurred after the effective lien date of January 1, 2014. The Property Tax Appeal

Board hereby overrules the appellant's objection. In People ex rel. Rosewell v. Lakeview Limited Partnership, 120 Ill.App.3d 369, 458 N.E.2d 121 (1st Dist. 1983), the court recognized assessing officials are not barred, as a matter of law, from considering events which occurred after the lien date in assessing properties and subsequent events assessing officials may consider in any individual case will depend on the nature of the event and the weight to be given the event will depend upon its reliability in tending to show value as of January 1.

The comparables submitted by the board of review were similar when compared to the subject in location, design, age, size, features and sold more proximate in time to the subject's January 1, 2014 assessment date. They sold from May 2013 to September 2014 for prices ranging from \$88,500 to \$123,200 or from \$70.57 to \$83.36 per square foot of living area. The subject's assessment reflects an estimated market value \$101,250 or \$68.00 per square foot of living area, which falls within the range established by the most similar comparable sales contained in this record on an overall basis and below the range on a per square foot basis. After considering any necessary adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's assessed valuation is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
