

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hely & Rudolf Tobler
DOCKET NO.: 14-01204.001-R-1
PARCEL NO.: 15-25-205-003

The parties of record before the Property Tax Appeal Board are Hely & Rudolf Tobler, the appellants, by attorney Herbert Holzman, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$85,837
IMPR.: \$87,529
TOTAL: \$173,366

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,174 square feet of living area. The dwelling was constructed in 1964. Features of the home include a crawl-space foundation, central air conditioning, a fireplace and a 700 square foot attached garage. The property has a 51,984 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on five equity comparables located in the same neighborhood and from .23 to 1.25 miles from the subject property. The comparables are improved with two-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings range in size from 3,125 to 3,567 square feet of living area and have improvement assessments ranging from

\$69,919 to \$83,540 or from \$19.60 to \$26.16 per square foot of living area. The appellants requested the total assessment be reduced to \$168,361.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$173,366. The subject property has an improvement assessment of \$87,529 or \$27.58 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on eight equity comparables located in the same neighborhood and from .06 to 1.27 miles from the subject property. The comparables are improved with two-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings range in size from 2,742 to 3,561 square feet of living area and have improvement assessments ranging from \$86,026 to \$102,061 or from \$25.69 to \$33.19 per square foot of living area. The board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 13 equity comparables for the Board's consideration. The Board gave less weight to the appellants' comparables #3 due to its partial basement when compared to the subject's crawl-space foundation. The Board gave less weight to the appellants' comparable #4 along with the board of review comparables #2, #4 and #5 based on their location being over 1.12 miles from the subject property. The Board finds the best evidence of assessment equity to be the appellants' comparables #1, #2, #5 along with the board of review comparables #1, #3, #6, #7 and #8. These comparables have varying degrees of similarity when compared to the subject in location, dwelling size, age and features. The comparables had improvement assessments ranging from \$71,387 to \$92,158 or from \$22.84 to \$33.19 per square foot of living area. The subject's improvement assessment of \$87,538 or \$27.58 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
