

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Haskel Weiss
DOCKET NO.: 14-01256.001-R-1
PARCEL NO.: 16-27-107-014

The parties of record before the Property Tax Appeal Board are Haskel Weiss, the appellant, by attorney David Lavin, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,311
IMPR.: \$129,088
TOTAL: \$162,399

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,553 square feet of living area. The dwelling was constructed in 1994. Features of the home include a partial unfinished basement, central air conditioning, two fireplaces and a 496 square foot attached garage. The property has a 7,324 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within 0.67 of a mile from the subject property. The comparables are improved with two-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings range in size from 2,221 to 2,736 square feet of living area and have improvement assessments

ranging from \$63,592 to \$93,583 or from \$28.63 to \$39.44 per square foot of living area. The appellant requested the total assessment be reduced to \$120,342.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,399. The subject property has an improvement assessment of \$129,088 or \$50.56 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's subdivision and within 0.33 of a mile from the subject property. The comparables are improved with two-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings range in size from 2,432 to 2,795 square feet of living area and have improvement assessments ranging from \$136,414 to \$140,358 or from \$50.17 to \$56.25 per square foot of living area. The board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to the location of the property. The Board finds the best evidence of assessment equity to be board of review's comparables. The board of review comparables have varying degrees of similarity when compared to the subject in location, age, dwelling size, design and features. These comparables had improvement assessments that ranged from \$136,800 to \$140,358 or from \$50.17 to \$56.25 per square foot of living area. The subject's improvement assessment of \$129,088 or \$50.56 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
