

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Levenfeld  
DOCKET NO.: 14-01280.001-R-1  
PARCEL NO.: 16-36-307-016

The parties of record before the Property Tax Appeal Board are Scott Levenfeld, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$75,379  
**IMPR.:** \$143,098  
**TOTAL:** \$218,477

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,476 square feet of living area. The dwelling was constructed in 1966. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 550 square foot garage. The property has a 15,112 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood and from .22 to .38 of a mile from the subject property. The comparables are improved with two-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings range in size from 2,961 to 3,153 square feet of living area and have improvement assessments ranging from

\$68,748 to \$80,284 or from \$21.80 to \$27.11 per square foot of living area. The appellant requested the total assessment be reduced to \$161,050.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$218,477. The subject property has an improvement assessment of \$143,098 or \$41.17 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on eight equity comparables located in the same neighborhood and from .07 to 1.19 miles from the subject property. The comparables are improved with two-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings range in size from 3,008 to 3,840 square feet of living area and have improvement assessments ranging from \$123,827 to \$181,919 or from \$40.57 to \$47.37 per square foot of living area. The board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 11 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #3 along with the board of review's comparables #4, #5 and #6. These comparables have a finished area in the basement, whereas, the subject has an unfinished basement. The Board finds the best evidence of assessment equity to be the remaining six comparables. These comparables have varying degrees of similarity when compared to the subject in location, age, dwelling size, exterior construction and features. The comparables had improvement assessments ranging from \$27.11 to \$43.03 per square foot of living area. The subject's improvement assessment of \$41.17 per square foot of living area falls within the range established by the most similar comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
