

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eric Meyers
DOCKET NO.: 14-01281.001-R-1
PARCEL NO.: 16-32-313-053

The parties of record before the Property Tax Appeal Board are Eric Meyers, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,736
IMPR.: \$151,116
TOTAL: \$206,852

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,280 square feet of living area. The dwelling was constructed in 1987. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 625 square foot attached garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood and from .07 to .18 of a mile from the subject property. The comparables are improved with one, one-story and two, two-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings range in size from 2,910 to 3,368 square feet of living area and have improvement assessments

ranging from \$126,466 to \$149,597 or from \$43.15 to \$44.42 per square foot of living area. The appellant requested the total assessment be reduced to \$198,995.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$206,852. The subject property has an improvement assessment of \$151,116 or \$46.07 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood and from .02 to .37 of a mile from the subject property. The comparables are improved with two-story single family dwellings and have varying degrees of similarity when compared to the subject. The dwellings range in size from 3,074 to 3,507 square feet of living area and have improvement assessments ranging from \$157,872 to \$178,741 or from \$46.88 to \$51.85 per square foot of living area. The board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 due to its one-story design when compared to the subject's two-story design. The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 along with the board of review comparables. These comparables have varying degrees of similarity when compared to the subject in location, age, dwelling size, exterior construction and features. The comparables had improvement assessments ranging from \$137,143 to \$178,741 or from \$43.15 to \$51.85 per square foot of living area. The subject's improvement assessment of \$151,116 or \$46.07 per square foot of living area falls within the range established by the most similar comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
