

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: IH3 Property Illinois, LP
DOCKET NO.: 14-01293.001-R-1
PARCEL NO.: 15-19-406-016

The parties of record before the Property Tax Appeal Board are IH3 Property Illinois, LP, the appellant, by attorney David Lavin, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,465
IMPR.: \$42,868
TOTAL: \$53,333

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of frame construction with 1,984 square feet of living area. The dwelling was constructed in 2000. Features of the home include a full basement, central air conditioning and an attached 420 square foot garage. The property is located in Aurora, Aurora Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased from FNMA on December 20, 2013 for a price of \$160,000. In Section IV – Recent Sale Data of the appeal petition, the appellant reported the property was listed for sale with Resurrecting Real Estate in the Multiple Listing Service for a period of 109 days. The appellant reported the parties were not related and submitted a copy of the Settlement Statement reiterating the date of sale and sale price and which depicted that brokers' commissions were afforded to two realty companies.

Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,994. The subject's assessment reflects a market value of \$180,216 or \$90.83 per square foot of living area, land included, when using the 2014 three year average median level of assessment for Kane County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted data gathered by the township assessor and asserted that the subject has been rehabbed "per attached listing sheet and is being rented for \$1,650 per month."

In further support of the subject's assessment, the assessor provided a grid analysis of three comparable sales. The comparables consist of dwellings with varying degrees of similarity to the subject dwelling in design, age, exterior construction, size and/or features. The comparables sold between December 2012 and January 2014 for prices ranging from \$249,000 to \$262,500 or from \$79.88 to \$103.89 per square foot of living area, including land.

Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Property Tax Appeal Board finds the best evidence of market value as of January 1, 2014 to be the purchase of the subject property in December, 2013, a month prior to the assessment date, for a price of \$160,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 109 days.

In further support of the transaction the appellant submitted a copy of the Settlement Statement which also reflected the payment of "commissions." The Board finds the purchase price of \$160,000 is below the market value reflected by the assessment of \$180,216. The Board further finds the board of review did not present sufficient evidence to challenge the arm's length nature of the transaction and the five suggested comparable sales presented were not sufficient to refute the contention that the purchase price was reflective of market value at the time of the sale. The Illinois Supreme Court has construed "fair cash value" to mean what the property would bring at

a voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is ready, willing, and able to buy but not forced so to do. Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d 428 (1970).

The Board further finds the comparable sales submitted by the board of review do not overcome the subject's arm's-length sale price as provided by the aforementioned controlling Illinois case law. Finally, the Board finds the suggested comparable sales are dissimilar in age and dwelling size when compared to the subject.

Based on this record the Board finds the subject property is overvalued and a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
