

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jack Gore  
DOCKET NO.: 14-01433.001-R-1  
PARCEL NO.: 15-35-202-002

The parties of record before the Property Tax Appeal Board are Jack Gore, the appellant, by attorney Richard J. Caldarazzo, of Mar Cal Law, P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$116,667  
**IMPR.:** \$56,175  
**TOTAL:** \$172,842

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part one-story and part two-story dwelling<sup>1</sup> of frame exterior construction with 2,976 square feet of living area. The dwelling was constructed in 1955. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 1,200 square foot garage. The property has an 117,743 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within 1.45 miles from the subject property. The comparables consist of one-story dwellings of frame exterior construction that are approximately 60 and 70 years old. The comparables had features

with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,855 to 3,193 square feet of living area and have improvement assessments ranging from \$31,571 to \$50,051 or from \$11.06 to \$16.89 per square foot of living area. Based on this evidence, the appellant requested the total assessment be reduced to \$159,938.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,842. The subject property has an improvement assessment of \$56,175 or \$18.88 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located approximately 1.8 miles from the subject property. The comparables are improved with one-story dwellings of brick, stone, or frame exterior construction that were built from 1955 to 1961. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,815 to 2,911 square feet of living area and have improvement assessments ranging from \$54,878 to \$67,054 or from \$18.85 to \$23.17 per square foot of living area. Based on this evidence, the board of review requested confirmation.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven assessment comparables for the Board's consideration. The Board finds these comparables are relatively similar when compared to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$31,571 to \$67,054 or from \$11.06 to \$23.17 per square foot of living area. The subject property has an improvement assessment of \$56,175 or \$18.88 per square foot of living area, which falls within the range established by the assessment comparables contained in the record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
