

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steel City Properties, LLC
DOCKET NO.: 14-02053.001-R-1
PARCEL NO.: 30-07-18-205-005-0000

The parties of record before the Property Tax Appeal Board are Steel City Properties, LLC, the appellant, by attorney Patrick A. Meszaros of the Law Offices of Patrick A. Meszaros, in Joliet; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,600
IMPR.: \$27,000
TOTAL: \$32,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story frame dwelling that has 1,132 square feet of living area. The dwelling is 60 years old. The home features an unfinished basement and a 440 square foot garage. The subject has a 6,970 square foot lot. The subject property is located in Joliet Township, Will County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted four comparable sales located from .22 to .49 of a mile from the subject property, however, two comparables were not located in the same neighborhood as the subject. The comparables consist of one-story dwellings of frame exterior construction that are from 44 to 55 years old. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 1,064 to 1,302 square feet of living area and are situated on sites that contain from 7,000 to 9,975 square

feet of land area. The comparables sold from January 2012 to September 2013 for prices ranging from \$35,000 to \$67,000 or from \$32.41 to \$51.46 per square foot of living area including land. An addendum was submitted in which the comparables were adjusted for some differences when compared to the subject. No foundational evidence or explanation pertaining to the calculation of the adjustment amounts was provided. Based on the adjusted comparable sales, the analysis conveys an average adjusted value of \$56,114. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,600. The subject's assessment reflects an estimated market value of \$98,104 or \$86.66 per square foot of living area including land when applying the 2014 three-year average median level of assessment for Will County of 33.23%.

In support of the subject's assessment, the board of review submitted four comparable sales located in the same neighborhood as the subject. The evidence was prepared by the township assessor. The comparables consist of one-story dwellings of frame exterior construction that are from 48 to 66 years old. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 1,022 to 1,170 square feet of living area and are situated on sites that contain from 6,534 to 13,939 square feet of land area. The comparables sold from October 2013 to December 2014 for prices ranging from \$107,000 to \$152,500 or from \$104.70 to \$136.16 per square foot of living area including land.

With respect to the appellant's evidence, the board of review pointed out appellant's comparables #1 and #3 resold more proximate in time to the subject's January 1, 2014 assessment date. Comparable #1 resold in June 2012 for \$98,950 or \$91.62 per square foot of living area including land. Comparable #3 resold in April 2013 for \$130,000 or \$121.50 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparable sales for the Board's consideration. The Board gave less weight to the comparable sales submitted by the appellant. Comparables #1 through #3 sold in 2012, which are dated and less indicative of market value as of the subject's January 1, 2014 assessment date. Additionally, comparables #1 and #4 are not located in the same neighborhood as the subject. The Board finds the comparable sales submitted by the board of review and the resale of comparable #3 submitted by the appellant are most similar when compared to the subject in location, land area, design, age, dwelling size and features and sold more proximate in time to the subject's assessment date. These five comparables sold from April 2013 to December 2014 for prices ranging from \$107,000 to \$152,500 or from \$104.70 to

\$136.16 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$98,104 or \$86.66 per square foot of living area including land, which falls below the range established by the most similar comparable sales contained in the record. After considering any necessary adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's assessment is justified. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
