

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stacey Wahlberg
DOCKET NO.: 14-02257.001-R-1
PARCEL NO.: 09-07-178-026

The parties of record before the Property Tax Appeal Board are Stacey Wahlberg, the appellant; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,968
IMPR.: \$34,736
TOTAL: \$100,704

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story dwelling of frame construction with 2,456 square feet of living area. The dwelling was constructed in 1984. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 564 square foot garage. The property has a 90,605 square foot site and is located in St. Charles, St. Charles Township, Kane County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal with an effective date of January 1, 2014. The final opinion of value was not disclosed.¹ The appellant also documented the subject's sale On September 28, 2012 for a price of \$215,000.

¹ It appears during submission; the bottom half of the appraisal containing the final opinion of value was omitted.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$116,655. The subject's assessment reflects a market value of \$350,421 or \$142.68 per square foot of living area, land included, when using the 2014 three-year average median level of assessment for Kane County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales with varying degrees of similarity to the subject. The comparables sold from January 2013 to July 2014 for prices ranging from \$315,000 to \$450,000 or from \$141.96 to \$162.39 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

Initially the Board gives no weight to a final opinion of value, if any, found in the appraisal; because it was omitted from the documentation submitted. Therefore, the Board will use the raw sales data contained within the report. The Board finds the best evidence of market value to be appraisal report sales #1, and #2 and board of review comparable sale #4. These comparable sales sold for prices ranging from \$96.43 to \$141.96 per square foot of living area, including land. The subject's assessment reflects a market value of \$350,421 or \$142.68 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. The Board gave less weight in its analysis to the remaining comparables because of their dissimilar parcel size, basement foundation, finished basement and/or the date of sale was too remote for January 1, 2014 valuation date. Further the Board gave little weight to the subject's sale based on its date of sale in relation to the dates of sale of the comparables which were closer to the assessment date in question. After consideration of the differences between the comparables and the subject, and after making any necessary adjustments the Board finds the subject property had a market value of \$302,506 as of the assessment date at issue. Since market value has been established the 2014 three-year average median level of assessments for Kane County of 33.29% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(1)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
