

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zeib Qadri
DOCKET NO.: 14-02304.001-R-1
PARCEL NO.: 08-17-115-008

The parties of record before the Property Tax Appeal Board are Zeib Qadri, the appellant, by attorney Richard J. Caldarazzo of Mar Cal Law, P.C., in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,759
IMPR.: \$13,939
TOTAL: \$16,698

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story frame dwelling that has 960 square feet of living area. The dwelling was constructed in 1956. Features include central air conditioning and a 308 square foot detached garage. The subject property is located in Waukegan Township, Lake County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming assessment inequity as the basis of the appeal. In support of the inequity claim, the appellant submitted information on three assessment comparables located in close proximity to the subject. The comparables consist of one-story style dwellings of frame exterior construction that are 59 years old. Features had varying degrees of similarity when compared to the subject. The dwellings contain 960 or 1,104 square feet of living area and have improvement assessments ranging from

\$8,249 to \$12,709 or from \$7.47 to \$13.24 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$16,698. The subject property has an improvement assessment of \$13,939 or \$14.52 per square foot of living area. In support of the subject's assessment, the board of review submitted an equity analysis of four comparables located in close proximity to the subject. The comparables are improved with one-story style dwellings of frame construction that were built in 1956 or 1957. Features had varying degrees of similarity when compared to the subject. The dwellings contain 960 square feet of living area and have improvement assessments ranging from \$13,687 to \$14,181 or from \$14.26 to \$14.77 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains seven assessment comparables for the Board's consideration. The Board gave less weight to comparable #1 submitted by the appellant due to its dissimilar size when compared to the subject as all other comparables contained in the record are identical in size to the subject. The Board finds the remaining six comparables were most similar when compared to the subject in location, design, age, dwelling size and most features. These comparables have improvement assessments ranging from \$12,840 to \$14,181 or from \$13.00 to \$14.77 per square foot of living area. The subject property has an improvement assessment of \$13,939 or \$14.52 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
