

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wayne and Tammy Anderson
DOCKET NO.: 14-02416.001-R-1
PARCEL NO.: 03-24-152-028

The parties of record before the Property Tax Appeal Board are Wayne and Tammy Anderson, the appellants, and the Grundy County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Grundy** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,061
IMPR.: \$35,896
TOTAL: \$46,957

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Grundy County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story single-family dwelling of frame and brick exterior construction with 2,795 square feet of living area.¹ The dwelling was constructed in 2004. Features of the home include a full unfinished basement, central air conditioning and a 660 square foot garage. The property has a 10,127 square foot site and is located in Channahon, Aux Sable Township, Grundy County.

The appellants contend assessment inequity as the basis of the appeal concerning the subject's improvement assessment. No dispute was raised concerning the land assessment. In support of this inequity argument, the appellants submitted information on four equity comparables in the

¹ The appellants provided a copy of the subject's property record card dated 11/05/14 which reported a dwelling size of 2,818 square feet of living area. The assessing officials also provided a copy of the property record card dated 7/28/15 which reported a dwelling size of 2,795 square feet of living area. While the slight discrepancy is not crucial to a determination of the correct assessment on this record, the Board has utilized the board of review figure.

Section V grid analysis. The comparables are located within 1/8 of a mile of the subject property. The comparables are two-story dwellings of frame or frame and brick exterior construction that were each 9 years old. The homes range in size from 2,900 to 3,198 square feet of living area and feature full unfinished basements, central air conditioning and a garage ranging in size from 441 to 660 square feet of building area. One comparable also has a fireplace. The properties have improvement assessments ranging from \$27,943 to \$35,383 or from \$8.91 to \$11.06 per square foot of living area.

Based on this evidence, the appellants requested a reduced improvement assessment of \$28,151 or \$10.07 per square foot of living area based upon a dwelling size of 2,795 square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,957. The subject property has an improvement assessment of \$35,896 or \$12.84 per square foot of living area.

In response to the appeal, the board of review submitted a letter from its Chairman who noted that the appellants used all different model type homes. The subject is a Townsend-C model.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within a two block radius of the subject. Each comparable is a Townsend-C model dwelling of frame and brick construction that was built in 2004 or 2005. The homes each contain 2,760 square feet of living area. The homes have full basements, one of which is finished as a recreation room, central air conditioning and either a 462 or a 660 square foot garage. Two of the comparables also each have a fireplace. These comparables have improvement assessments ranging from \$35,521 to \$59,054 or from \$12.87 to \$21.40 per square foot of living area.

Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellants' comparables due to differences in model type.

The Board finds the best evidence of assessment equity to be the board of review comparables. These six comparables were all Townsend-C model dwellings and had improvement assessments that ranged from \$12.87 to \$21.40 per square foot of living area. The subject's improvement assessment of \$12.84 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. For the foregoing reasons, the Board finds that the appellants have not proven by clear and convincing evidence that the subject property is inequitably assessed. Therefore, the Property Tax Appeal Board finds that the subject's assessment as established by the board of review is correct and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: July 22, 2016

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of

the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
