

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Reilly
DOCKET NO.: 14-03074.001-R-1
PARCEL NO.: 09-09-409-017

The parties of record before the Property Tax Appeal Board are James Reilly, the appellant, by attorney George J. Relias, of Relias & Tsonis, LLC in Chicago, and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,560
IMPR.: \$130,920
TOTAL: \$155,480

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story single-family dwelling of frame and brick exterior construction with 3,109 square feet of living area. The dwelling was constructed in 2007. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 552 square foot garage. The property has an 8,670 square foot site and is located in Westmont, Downers Grove Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. No dispute was raised concerning the land assessment. In support of the improvement inequity argument, the appellant submitted limited information on four equity comparables located in the same neighborhood code assigned by the assessor as the subject property. The comparables consist of similar part two-story and part one-story dwellings of frame exterior construction that were built between 2005 and 2011. The homes range in size

from 3,151 to 3,577 square feet of living area. Each home has a basement. No information was provided concerning basement finish or fireplace amenities of the properties. Each home has central air conditioning and a garage ranging in size from 513 to 6213 [*sic*] square feet of building area. The properties have improvement assessments ranging from \$119,440 to \$138,650 or from \$37.91 to \$39.06 per square foot of living area.

Based on this evidence, the appellant requested an improvement assessment of \$120,111 or \$38.63 per square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$155,480. The subject property has an improvement assessment of \$130,920 or \$42.11 per square foot of living area.

In response to the appeal, the board of review submitted a memorandum prepared by the Downers Grove Township Assessor's Office along with additional data. The assessor noted differences between the subject property and the appellant's comparables in exterior construction, bathrooms and/or fireplaces.

In support of its contention of the correct assessment the board of review through the township assessor submitted information on four equity comparables located in the same neighborhood code assigned by the assessor as the subject property. The comparables consist of part two-story and part one-story dwellings of frame and brick exterior construction that were built between 2004 and 2007. The homes range in size from 2,684 to 2,951 square feet of living area. Each home has a full unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 720 square feet of building area. The properties have improvement assessments ranging from \$113,420 to \$126,210 or from \$42.26 to \$43.06 per square foot of living area.

Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables located in close proximity to the subject property and which have varying degrees of similarity to the subject property for consideration by the Property Tax Appeal Board to support their respective positions. The Board has given reduced weight to appellant's comparables #2 and #3 and board of review comparables

#1 and #2 due to the differences in dwelling sizes of these four homes when compared to the subject property.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #4 along with board of review comparables #3 and #4. These four comparables range in size from 2,930 to 3,361 square feet of living area and were built between 2005 and 2007. The properties had improvement assessments that ranged from \$119,440 to \$131,280 or from \$37.91 to \$43.06 per square foot of living area. The subject's improvement assessment of \$130,920 or \$42.11 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. For the foregoing reasons, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed. Therefore, the Property Tax Appeal Board finds that the subject's assessment as established by the board of review is correct and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: August 19, 2016

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of

the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
