

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brandon Knecht
DOCKET NO.: 14-03123.001-R-1
PARCEL NO.: 01-13-117-004

The parties of record before the Property Tax Appeal Board are Brandon Knecht, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,160
IMPR.: \$60,160
TOTAL: \$84,320

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of aluminum exterior construction that has 1,749 square feet of living area. The dwelling was constructed in 1994. Features include a full basement that is 50% finished, central air conditioning and a 440 square foot attached garage. The subject property is located in Wayne Township, DuPage County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board contending assessment inequity as the basis of the appeal. In support of the inequity argument, the appellant submitted information for three equity comparables located in close proximity to the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$63,310 to \$73,630 or from \$31.55 to \$32.19 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,320. The subject property has an improvement assessment of \$60,160 or \$34.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four assessment comparables located in close proximity to the subject. The homes are the same model type as the subject. The comparables have varying degrees of similarity when compared to the subject. The comparables have improvement assessments of \$60,460 or \$61,910 or \$34.57 or \$35.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven suggested assessment comparables for the Board's consideration. The Board gave less weight to comparables #1 and #3 submitted by the appellant due to their larger dwelling size and lack of finished basement area when compared to the subject. The Board finds the remaining five comparables are more similar when compared to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$60,460 to \$63,310 or from \$32.19 to \$35.40 per square foot of living area. The subject has an improvement assessment of \$60,160 or \$34.40 per square foot of living area, which falls within the range established by the most similar comparable properties contained in this record on a per square foot basis. Based on this analysis, the Property Tax Appeal Board finds the appellant failed to demonstrate the subject property was inequitably assessed by clear and convincing evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
