

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Kaczmariski  
DOCKET NO.: 14-03220.001-R-1  
PARCEL NO.: 09-27-418-010

The parties of record before the Property Tax Appeal Board are James Kaczmariski, the appellant; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 40,420  
**IMPR.:** \$ 71,030  
**TOTAL:** \$111,450

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction that has 1,642 square feet of living area. The dwelling was constructed in 1988. Features include a partial finished basement, central air conditioning, a fireplace and a 528 square foot garage. The subject property is located in Downers Grove Township, DuPage County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board contending assessment inequity as the basis of the appeal. In support of the inequity argument, the appellant submitted information on four equity comparables located in close proximity to the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$60,760 to \$66,380 or from \$37.00 to \$40.85 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,320. The subject property has an improvement assessment of \$71,030 or \$43.26 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in close proximity to the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$68,600 to \$71,160 or from \$41.78 to \$44.53 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted eight suggested assessment comparables for the Board's consideration. The Board finds both parties' comparables are generally similar when compared to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$60,760 to \$71,160 or from \$37.00 to \$44.53 per square foot of living area. The subject property has an improvement assessment of \$71,030 or \$43.26 per square foot of living area, which falls within the range established by the comparable properties contained in the record. Based on this analysis, the Property Tax Appeal Board finds the appellant failed to demonstrate the subject property was inequitably assessed by clear and convincing evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
