

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Phillip Stock
DOCKET NO.: 14-03476.001-R-1
PARCEL NO.: 12-23-155-004

The parties of record before the Property Tax Appeal Board are Phillip Stock, the appellant; and the Knox County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Knox** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$820
IMPR.: \$3,501
TOTAL: \$4,321

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Knox County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 616 square feet of living area. The dwelling was constructed in 1950. Features of the home include a crawl space foundation and a one-car detached garage. The property has a 7,150 square foot site and is located in Williamsfield, Truro Township, Knox County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased at a public auction on August 21, 2013 for a price of \$13,000. An additional \$150 was spent on cleaning supplies prior to occupation. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,880. The subject's assessment reflects a market value of

\$29,723 or \$48.25 per square foot of living area, land included, when using the 2014 three year average median level of assessment for Knox County of 33.24% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales. The comparables sold from July 2011 to September 2012 for prices ranging from \$30,000 to \$46,000 or from \$39.37 to \$56.82 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in August 2013 for a price of \$13,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold at a public auction and had been advertised on the open market with a sign in the yard, newspaper and on the Internet, and it had been on the market for at least 30 days. In further support of the transaction the appellant submitted a copy of the PTAX-203 Illinois Real Estate Transfer Declaration. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Little weight was given the board of review's comparable sales based on their dissimilar ages, when compared to the subject and because the dates of sale were too remote in time to be indicative of value for a 2014 valuation assessment. Based on this record the Board finds the subject property had a market value of \$13,000 as of January 1, 2014. Since market value has been determined the 2014 three year average median level of assessment for Knox County of 33.24% shall apply. 86 Ill.Admin.Code §1910.50(c)(1).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
