

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Power
DOCKET NO.: 14-20084.001-R-1
PARCEL NO.: 24-09-106-056-1003

The parties of record before the Property Tax Appeal Board are Michael Power, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 514
IMPR.: \$ 9,317
TOTAL: \$ 9,831

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a second floor, condominium unit located within a four-unit, masonry, condominium building. The subject unit contains 945 square feet of living area. The dwelling was constructed in 2001. Features include two baths and a one-car garage space. The property is located in Worth Township, Cook County. The subject is classified as a class 2, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property was owner-occupied and had a

market value of \$99,000 as of April 11, 2014. The appraisal indicated that an interior and exterior inspection was undertaken, while developing one of the three traditional approaches to value, the sale comparison approach. This approach used three sale comparables of condominium units which sold in 2013.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,821. The subject's assessment reflects a market value of \$119,043 or \$125.97 per square foot of living area, including land, when applying the 2014 three year average median level of assessment for class 2 property of 9.93% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted raw sales data on two suggested comparable sales. The sales were located in the subject's building and sold from July, 2005, to October, 2006.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be the *appraisal submitted by the appellant*. The Board finds the subject property had a market value of \$99,000 as of the assessment date at issue. Since market value has been established the 2014 three year average median level of assessment for class 2 property of 9.93% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
