

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nellie McCary
DOCKET NO.: 14-20154.001-R-1
PARCEL NO.: 28-13-108-038-0000

The parties of record before the Property Tax Appeal Board are Nellie McCary, the appellant, by attorney John S. Xydakis of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,755
IMPR.: \$4,509
TOTAL: \$6,264

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of masonry construction with 864 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a slab foundation and a one-car attached garage. The property has a 11,700 square foot site and is located in Markham, Bremen Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with one-story dwellings of frame construction that ranged in size from 736 to 997 square feet of living area and were either 60 or 61 years. These properties had improvement assessments ranging from \$2.16 to \$2.25 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$1,927.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,264. The subject property has an improvement assessment of \$4,509 or \$5.22 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located along the same street and within the same block as the subject property. The dwellings were of masonry construction with either 728 or 864 square feet of living area and each was 58 years old. These properties had improvement assessments ranging from \$5.22 to \$5.63 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. These comparables were most similar to the subject in location, age and exterior construction. These comparables had improvement assessments that ranged from \$5.22 to \$5.63 per square foot of living area. The subject's improvement assessment of \$5.22 per square foot of living area falls within the range established by the best comparables in this record. Less weight was given the appellant's comparables due to location and construction. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
