

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Nafziger
DOCKET NO.: 14-20156.001-R-1
PARCEL NO.: 08-33-210-007-0000

The parties of record before the Property Tax Appeal Board are Thomas Nafziger, the appellant, by attorney John S. Xydakis of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,995
IMPR.: \$15,958
TOTAL: \$19,953

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of frame and masonry construction with 1,289 square feet of living area. The dwelling is approximately 54 years old. Features of the home include a slab foundation, central air conditioning and a two-car attached garage. The property has a 10,654 square foot site and is located in Elk Grove Village, Elk Grove Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story dwellings of frame and masonry construction that ranged in size from 1,378 to 1,575 square feet of living area and in age from 52 to 55 years old. These

properties had improvement assessments ranging from \$8.68 to \$10.07 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$12,439.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,953. The subject property has an improvement assessment of \$15,958 or \$12.38 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story dwellings of frame and masonry construction that had either 1,252 or 1,278 square feet of living area and were either 52 or 53 years old. These properties had improvement assessments ranging from \$16,001 to \$18,204 or from \$12.78 to \$14.24 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables were most similar to the subject in size and relatively similar to the subject in features. These properties had improvement assessments that ranged from \$16,001 to \$18,204 or from \$12.78 to \$14.24 per square foot of living area. The subject's improvement assessment of \$15,958 or \$12.38 per square foot of living area falls below the range established by the best comparables in this record. Less weight was given the appellant's comparables due to differences from the subject in size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
