

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dean Elzinga  
DOCKET NO.: 14-20286.001-R-1  
PARCEL NO.: 24-12-112-055-0000

The parties of record before the Property Tax Appeal Board are Dean Elzinga, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,084  
**IMPR.:** \$12,707  
**TOTAL:** \$15,791

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level<sup>1</sup> dwelling of masonry exterior construction with 1,391 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a partial finished basement, central air conditioning, a fireplace and a two-car garage. The property has a 6,854 square foot site and is located in Evergreen Park, Worth Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range

in size from 1,395 to 1,640 square feet of living area and have improvement assessments ranging from \$9,417 to \$11,681 or from \$6.71 to \$7.12 per square foot of living area. The appellant requested the total assessment be reduced to \$12,640.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,791. The subject property has an improvement assessment of \$12,707 or \$9.14 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,382 to 1,450 square feet of living area and have improvement assessments that range from \$12,944 to \$13,947 or from \$9.31 to \$10.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #3 and #4 due to their lack of a basement, older age, and larger dwelling size when compared to the subject property. The Board finds the appellant's comparable #2 and the board of review's comparables are more similar when compared to the subject in location, age, dwelling size, exterior construction and features. These comparables had improvement assessments that ranged from \$6.75 to \$10.09 per square foot of living area. The subject's improvement assessment of \$9.14 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
