

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrzej Urbanski  
DOCKET NO.: 14-20425.001-R-1  
PARCEL NO.: 15-35-202-037-0000

The parties of record before the Property Tax Appeal Board are Andrzej Urbanski, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 9,675  
**IMPR.:** \$36,490  
**TOTAL:** \$46,165

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction with 2,709 square feet of living area. The dwelling is 63 years old. Features of the home include central air conditioning, two fireplaces, and a two-car garage. The property has a 12,901 square foot site and is located in Riverside Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables, a copy of a letter from Bank of America requiring the property owner to maintain flood insurance of the subject in the amount of \$250,000, and a copy of a photo showing the subject home surrounded by water.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$198,114. The subject property has an improvement assessment of \$167,614 or \$34.20 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

At hearing, the appellant testified that his property is located in a flood zone and flooded in 2008 and in 2013. He stated that he spent approximately \$60,000 in raising his roof in 2009 to increase his livable space and empty his basement to reduce further loss of personal property. He argued that his property is located in the lowest point of level of his street and that the only comparable homes on his block are the appellant's comparables #1, #2, and #4 because these properties flood in a similar way as the subject property. The appellant reaffirmed the request for an assessment reduction.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #4. These comparables had improvement assessments that ranged from \$13.95 to \$14.53 per square foot of living area. The subject's improvement assessment of \$13.46 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
