

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edgar DeVries  
DOCKET NO.: 14-20647.001-R-1  
PARCEL NO.: 28-02-322-044-0000

The parties of record before the Property Tax Appeal Board are Edgar DeVries, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 648  
**IMPR.:** \$ 822  
**TOTAL:** \$1,470

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 50 year-old, one-story dwelling of frame and masonry construction containing 1,140 square feet of living area. Features of the home include a crawl space basement and a one-car garage. The property has a 4,320 square foot site and is located in Bremen Township, Cook County. The property is a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased from Federal National Mortgage Association on November 26, 2014 for a price of \$14,700. The appellant also submitted a Special Warranty Deed, a real estate contract disclosing the subject was sold in an "as is" condition, four sales comparables, and full information in Section IV – Recent Sale Data of the Residential Appeal that the subject was a foreclosure sale and purchased through a

realtor and was not a transfer between related parties. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,219. The subject's assessment reflects a market value of \$52,190 or \$45.78 per square foot of living area, when using the board of review's indicated size of 1,140 square feet and when using the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. The subject's sale price of \$14,700 reflects a market value of \$12.89 per square foot of living area including land.

In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables.

In rebuttal, the appellant argued that the comparables submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics and did not include recent sales data. The appellant reaffirmed the request for an assessment reduction.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has met this burden of proof and a reduction in the subject's assessment is warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in November 2014 for \$14,700 is a "compulsory sale." A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

However, when there was a recent sale of the subject, and that sale was compulsory, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. The Illinois General Assembly recently provided clear guidance for the Board regarding compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183.

In determining the fair market value of the subject property, the Board may look to other evidence presented by the parties. Although the appellant's recent sale appears to have been a compulsory sale, it does reflect the fair market value based upon an analysis of recent sales of comparable properties. The Board finds the appellant's comparables #1, #2 and #4 set the range of market value for the subject. These comparables were similar to the subject in location, style, construction, features, age, living area and land area. They ranged from \$4.55 to \$11.81 per square foot of living area including land. The subject's assessment reflects a market value of \$45.78 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. The recent sale of the subject reflects a market value of \$12.89 per square foot of living area, including land, which is also above the range.

Since there is supporting evidence that the sale price of the subject was at its fair cash value, the Board finds that the subject is overvalued and holds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
