

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Hughes
DOCKET NO.: 14-21186.001-R-1
PARCEL NO.: 05-28-402-003-0000

The parties of record before the Property Tax Appeal Board are James Hughes, the appellant, by attorney John S. Xydakis of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,667
IMPR.: \$103,769
TOTAL: \$124,436

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame and masonry construction with 4,044 square feet of living area. The dwelling is approximately 83 years old. Features of the home include a partial basement finished with a formal recreation room, central air conditioning, one fireplace and a two-car attached garage. The property has a 13,344 square foot site and is located in Kenilworth, New Trier Township, Cook County. The property is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with two-story dwellings that ranged in size from 3,500 to 3,951 square feet of living area. The appellant indicated that the dwellings ranged in age from 1 to 82 years

old. Each dwelling has a partial or full basement, central air conditioning and a fireplace. The comparables had improvement assessments ranging from \$48,301 to \$74,308 or from \$12.69 to \$18.81 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$70,244 or \$17.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$124,436. The subject property has an improvement assessment of \$103,769 or \$25.66 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of masonry construction that ranged in size from 3,621 to 4,153 square feet of living area. The dwellings ranged in age from 76 to 83 years old. Each comparable has a full basement with a recreation room, three have central air conditioning, each comparable has 2 or 3 fireplaces and each comparable has a two-car garage. Their improvement assessments range from \$107,145 to \$119,108 or from \$28.68 to \$29.59 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and the comparables submitted by the board of review. These comparables had improvement assessments that ranged from \$18.81 to \$29.59 per square foot of living area. The subject's improvement assessment of \$25.66 per square foot of living area falls within the range established by the best comparables in this record. Less weight was given appellant's comparables #1 and #2 due to differences from the subject in age and/or size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
