

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sullivan
DOCKET NO.: 14-21369.001-R-1
PARCEL NO.: 15-12-311-002-0000

The parties of record before the Property Tax Appeal Board are Sullivan, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,764
IMPR.: \$46,056
TOTAL: \$53,820

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 104 year-old, two-story dwelling of frame construction containing 3,030 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property is situated on an 11,092 square foot site and is located in River Forest Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables, including sale data on each. The appellant requested a total assessment reduction to \$43,366.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,820. The subject property has an improvement assessment of

\$46,056, or \$15.20 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables.

In rebuttal, the appellant submitted evidence that comparables #1 and #2 submitted by both the appellant and the board of review were eligible for Landmark Status under the Cook County Ordinance and did not reflect the market value after landmark improvements had been made. The appellant included print-outs from the Cook County Assessor disclosing that the improvement for the appellant's and board of review's comparable #1 had a landmark status market value assessment increase to \$45,594, resulting in an improvement assessment of \$14.05 per square feet of living area. The appellant's print-out for the appellant's and board of review's comparable #2 improvement had a landmark status market value assessment of \$44,342, resulting in an improvement assessment of \$15.35 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the appellant's comparables #1, #2 and #3 are the same properties submitted by the board of review for its comparables #1, #2 and #3. The only additional comparable submitted was the board of review's #4. Accepting the appellant's rebuttal evidence that the appellant's and board of review's comparable #1 had an improvement assessment of \$14.05, and the appellant's and board of review's comparable #2 had an improvement assessment of \$15.35, the Board finds the best evidence of assessment equity to be all of the appellant's comparables and the board of review's comparables #1, #2 and #3. These comparables had improvement assessments that ranged from \$14.05 to \$15.35 per square foot of living area. The subject's improvement assessment of \$15.20 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
