

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Murray  
DOCKET NO.: 14-21740.001-R-1  
PARCEL NO.: 14-20-403-063-1011

The parties of record before the Property Tax Appeal Board are James Murray, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 1,966  
**IMPR.:** \$ 20,377  
**TOTAL:** \$ 22,343

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of a condominium unit with a 7.59% ownership interest in the common elements. The property is located in Chicago, Lakeview Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$230,000 as of February 14, 2014. The appellant also submitted evidence disclosing the subject property was purchased on March 17, 2014 for a price of \$225,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The Cook County Board of Review submitted its "Board of Review Notes on Appeal," wherein the subject's total assessment of \$26,758 was disclosed. This assessment reflects a market value of \$269,466 after applying the 2014 three year average median level of assessment for class 2 property of 9.93% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted five sale comparables.

In rebuttal, the appellant argued that the comparable sales submitted by the board of review were not similar to the subject for various reasons.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in March 2014 for a price of \$225,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, a Realtor was used, and the property had been advertised on the open market for four months with a listing on the MLS. In further support of the transaction, the appellant submitted the settlement statement and a Real Estate Sale Contract. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$225,000 as of January 1, 2014. Since market value has been determined the 2014 three year average median level of assessment for class 2 property of 9.93% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
